The KRALJEVICEVO (Y 17/Y 43) improvised airfield was located north of PANCEVO (Y 17/Y 42) and the PANCEVO-PETROVGRAD (Y 17/Y 28) and PANCEVO-VRSAC (Y 18/Y 94) railroad lines, south of KRALJEVICEVO (formerly FRANZFELD), in line with the JABUKA railroad station. It was about 2,500 to 3,300 feet from both these railroad lines. The scheduled size of the airfield was 6,600 x 3,300 feet. At the time of observation only an area of 3,300 x 1,000 feet, extending south-east to northwest, was being worked on by the ZEMUN (Y 17/Y 22) "Planum" Construction Firm which employed four hundred PWs for leveling work. The airfield has not occupied.

Comment:

No other reports on the KRALJEVICEVO airfield have been received. The field is apparently under construction. According to the reported location, it cannot be identical to the PANCEVO airfield.
